

# 2018 ACCLAIM ULTRA SPECIFICATIONS

For the first major upgrade in more than ten years, Mooney has completely reimagined its flagship aircraft. It now features an elegant cockpit, seamless ergonomics and a radically redesigned interior. Not a switch, jack or control has escaped scrutiny, as evidenced by touches such as USB outlets throughout and a center console for keypad, side controls and lighting. Beneath its striking livery, a single-piece composite shell around the cockpit replaces overlapping sheet metal, and streamlines its sleek aesthetics and laminar flow wings. And the doors (now included pilot-side as well) were widened an additional four inches to provide unparalleled ingress and egress.

## GENERAL

Seats	4
Landing Gear	Retractable
Avionics	Garmin G1000 NXi / GFC 700
Electronic Charts	Jeppesen NavData — Initial Subscription

## PERFORMANCE

Take-off distance	1,400 ft (isa, sl, mtow)
Landing distance	1,920 ft (isa, sl, mlw)
Maximum Rate of Climb	1,375 fpm
Maximum Operating Altitude	25,000 ft
Maximum Cruising Speed	242 ktas
Maximum Range @ Long Range Cruising Speed	1,340 nm*

\*45 min reserve, isa, no wind, 16,000 ft

## PROPULSION

Engine	Continental TSIO-550-G
Horsepower	280 hp — Intercooled Twin-Turbo
Engine TBO	2,200 hrs
Propeller	Hartzell Scimitar Three-Blade

## FUEL

Fuel Type	100LL
Fuel Capacity	100 usg

## DIMENSIONS

Wingspan	36 ft 6 in
Length	26 ft 8 in
Tail Height	8 ft 4 in
Cabin Width	43.5 in

## WEIGHT

Typical Useful Load	975 lbs
Maximum Take-off Weight	3,368 lbs

## WARRANTY

Airframe	3/5 years
Engine	3/5 years
Avionics	2/5 years

Specifications and performance data are preliminary at this time and subject to change.
